

End 68 Hours of Hunger

2024-2025 IMPACT REPORT

Our Impact at a Glance

ABOUT OUR ORGANIZATION

End 68 Hours of Hunger is a public not-for-profit, 501(c)(3) organization. We address the approximately 68 hours of hunger that some school children experience between the free lunch they receive in school Friday and the free breakfast they receive in school Monday.

**End 68 Hours
of Hunger**

This program puts nourishing food in the hands of school children to carry them through the weekend. Each bag of food costs \$10 (plus donated food) each week and provides two breakfasts, two lunches, and three dinners for a child.

Our impact is huge! The behaviors of food-insecure children disappear, and children arrive in school on Monday ready to learn, and sometimes disruptive behaviors of Friday due to food insecurity vanish.

A WORD FROM OUR DIRECTOR

This past year marked a period of meaningful growth for our organization—growth in reach, capacity, and confidence in what is possible when communities come together with purpose.

As demand continued to rise, so did our ability to respond. We expanded into new communities, strengthened existing programs, and invested in the systems and people that make our work sustainable. Behind every number in this report is a story of collaboration—volunteers stepping up, donors leaning in, and local partners believing deeply in our mission.

I am incredibly proud of what we have accomplished together. This year's impact reflects not only what we have achieved, but what we are building toward—a stronger, more resilient organization prepared to meet the needs of the future.

Thank you for being part of this growth. We could not do this work without you!

Kate Roman

Executive Director

OUR VISION

Our vision is to
end childhood hunger in
America—one school at a time.

OUR MISSION

Our mission is to confront the
approximately **68 hours of hunger** that
some **school children** experience
between the free lunch they receive in
school on Friday and the free breakfast
they receive in school on Monday by
putting **bags of food** in the hands of
these children so that they have food
for the weekend.

CHILD HUNGER & FOOD INSECURITY

1 in 5 children
nationwide
are food insecure

IMPACT STATEMENTS

"As school staff, we see firsthand how hunger affects a child's ability to learn, focus, and feel safe. End 68 Hours of Hunger has made a quiet but powerful difference in our school. Knowing that students have food to take home each weekend changes how they walk into class on Monday—more relaxed, more focused, and more ready to learn.

The bags are more than meals; they are reassurance. They tell our students that someone cares about them beyond the classroom. This program has become an essential support for families and a trusted partner for our school"

-School Guidance Counselor

"There is no judgment—just support. As a parent, that matters. This program helped our family during a difficult season and reminded us that we are not alone. "

-Anonymous Parent

"It is hard to put into words what End 68 Hours of Hunger has meant to our family. Knowing my child has food to eat over the weekend brings an incredible sense of relief. It allows me to worry less and focus more on being the best parent I can be.

This program has helped us through times when things were tight, and it did so with dignity and kindness. My child feels supported, and that support carries into the classroom and at home."

-Anonymous Parent

What Children Say...

Dear food Bag friends,
Thank you for giving
me and my family food
Bags. The things I like
in the food bag is
rice crispies, peanut
butter crackers.

Sincerely,

Thank you
the food donations,
you are making
a DIFFERENCE!
Matthew 11.
